

## Victoria Central Appraisal District 2022 Annual Report

Appraisal Districts were created by the Texas Legislature in 1979, with passage of the <u>Texas Property Tax Code</u>. Prior to the creation of the Appraisal Districts each taxing entity had it's own appraisal staff. Values on the same property could differ by large amounts for each taxing entity. Taxing entities could choose an assessment ratio for their entity. Legislation created one Appraisal District for each County to appraise property for all Taxing entities at 100% of market value. It also did away with the assessment ratios. The plan was to create a system where each taxpayer would have one value for each property and pay taxes in a uniform and equal basis.

Victoria Central Appraisal District is here to serve you through discovering, listing and appraising property in a uniform and equal manner. *The appraisal district is not a taxing entity and does not set tax rates or collect taxes*. The appraisal district team has many responsibilities and we understand, that we are here to serve the property owners of Victoria County. We are committed to performing our work with courtesy, professionalism and excellence.

It is our goal that, thorough this report, that you will gain a better understanding into the challenges and successes of the Victoria Central Appraisal District.

John Haliburton, RPA Chief Appraiser
